Yes. Chris wants the temp reg and NPRM out by June 1, 2014. We'll be offering to have a briefing for OTP (at least the reviewer and Lisa) next week to bring them up to speed immediately. We'd include Tom Vidano and possibly others from LBI.

Assuming OTP is on board and a reviewer is assigned, will we be sending a draft over to them right away? Chris wants to discuss this project with Mark at the bi-weekly OTP/CIR/CC meeting on Tuesday.
